## About Trainline

Trainline has been selling train tickets online for more than 25 years and is Europe's leading independent rail platform. One of the UK's leading tech exports and a FTSE250-listed company, we bring together millions of routes, fares and journey times so people can seamlessly search, book and manage their journeys all in one place. We help our customers find the best value fares for their journey and our aim is to make rail and coach travel easier and more accessible, encouraging people to make more environmentally sustainable travel choices. Trainline's Platform One technology powers both Trainline's own retail channels and the online retailing for a number of train operators and other independent retailers in the UK and across Europe.
